Amother Collision.

Amother Collision.

Central Eniroad, came in sollining yearday morning with a construction pain on the Illinois Central track man the Works of the American Car Company.

The Passenger train was due at 5 20 A. Mr. thus the first having been detained at unricum Stations on the road, was, on asserting Chicago, about two the course, and a very high forget, the engineer saw steam endag from a locomotive ahand, when he instantly gave the alarm, reversed his engine. and had just time to leap, his train man into a construction train that was depositing stone at that point, but to the surprise of all is was found that only one men was killed and comparitively less were injured. From the existence at the Coroner's inquest the full facts of the case are pointed to examine the body and the wijnersee—Charles Follanthon, Personal, Heam Hatch, N. Sawyer, Hugh Maher, A. Cochran, M. W. Metcalf, J. H. Weleter, J. A. Smith, C. H. Cartin, Dr. Footer, Tuttle King and James I. Howe.

Witness called was the fasher of the collision of the case and was almost frantic at the low of his son. He gave his name as Frederick Tech, and said he and his family resided in Bufflior, the was not much hurt, but his sou was killed.

John W. Wanghop, with his wife, and Infant were on the Michigan Central train that movements in the heard a whistle is some time before the collision, nechang about helf a minute. He
